## Particle Melting Pot

## One particle mixing

## Two particles?

Stripes!

## Two particle interference

- Exactly the same as before
- Nature does not care if it is one laser or two, a wave is a wave and all particle move like waves

## Two colors?

## White light through a prism

## Colored light to white light

## Two lasers

## Many fancy lasers!

## Many fancy lasers

## Pulsed laser

## Optical Frequency Comb

#### Abstract

     $* * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * *$  $* * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * *$  ********************************************************************************************************
